A DESERT CITY.

Exhibitors' Row and the Midway Shorn of Their Glory.

THE MIDWAY SHOW GOT AWAY

Yesterday Morning for East Liverpool Where They are the Principal Attraction of the Elks' Street Fair This Week—Exhibitors Have Removed Exhibits—Fences and Booths to be Demolished.

The Wheeling street fair and oriental carnival, under the auspices of Wheeling lodge No. 28, R. P. O. E., came to its conclusion Saturday night at 11 o'clock, and now the Magic City that was reared at such large expense and with such ingenuity and originality is a thing of the past—is now in fact a Desert City, made up of empty booths, half torn decorations of faded purple and dirty white, acres of tan-bark that are covered with a verdure of paper scrap, broken glass and other debris. The scene on the grounds yesterday afternoon was one of desolation that will be relieved only when the fences and booths are torn down and the street cleaning department has got in its work.

The attendance Saturday did not come up to expectations, being only 6,000, the smallest attendance of the week, with the exception of Opening Day. The crowd at night was very large, and the people who had already witnessed the several attractions in the Midway found enjoyment in other people's enjoyment and in witnessing the final scenes at the west end of the fair. The Midway shows pulled up stakes without any delay. The Streets of Cairo show wended its way across to Bridgeport shortly after midnight, with La Belle Rosa, the dancer, in the lead, mounted on one of the donkeys, and the other dancers following on camels. A large crowd of men and boys followed the cavalcade. The Midway shows got away from Bridgeport at 7 o'clock Sunday morning for East Liverpool, where they open a week's engagement this afternoon at the Elks' street fair.

The committees have not yet got things in shape to learn just how much was cleared on the fair, but it is known that the business done Friday and Saturday was clear profit, the expenses having been cleared with the banner day attendance on Thursday.

Most of the exhibitors moved out their goods on Saturday night, and the few who didn't, were moving out yesterday morning and afternoon. Last night all but one of two of the exhibits were gone, and the sole attractions of the fair were a band of a squad of watchmen and a few electric lighted arches.

BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.

This is the first anniversary of the naval battle of Santiago.

The German M. E. Sunday school will picnic at Cresap's Grove, on July 11.

Quite a number of Wheeling Elks will go to East Liverpool to-morrow to take in the street fair.

There are eleven cases on the police court docket for the consideration of Mayor Sweeney this morning.

In another column the grocers give notice that their stores will close at noon to-morrow, "The Fourth."

The North Street M. E. church Sunday school will picnic at the Moundsville camp meeting grounds to-morrow.

All members of the Uniform Rank, Knights of Pythias, will attend the picnic at Mozart park to-morrow, in fatigue uniform.

Graduates of the high and ward schools are requested to attend the union alumni meeting at the high school, this evening at 7:30 o'clock.

The engineering firm of Brown & Hazlett has been dissolved, Mr. Gilmore Brown retiring, and Mr. Robert Hazlett continuing the business.

The Bellaire M. E. church (colored) gave an excursion to Belmont Park on the ferry boat Buckeye yesterday. A number from Wheeling attended.

Melster's band will make a tour around the loop in the Dewey car to-morrow morning as a reminder of the Knights of Pythias picnic at Mozart park.

The Elks' decorations will do very well to commemorate the Santiago naval battle, and to-morrow they will be strictly in line as Fourth of July decorations.

The annual meeting of the stockholders of the German Fire Insurance Company will be held on Monday, July 10, between 2 and 4 p. m., for the election of directors.

A large attended meeting of the Retail Clerks' Association was held yesterday afternoon at Trades Assembly hall. It was decided to issue working cards to members.

Beginning Tuesday, the Wheeling-Martin's Ferry cars on the Wheeling Railway Company's lines will run via the Bridgeport bridge. The company gives up the use of the upper back river bridge. The tracks on Zane street, west of Huron are now being repaired, and new switches put in.

There is no man happier this morning than Col. Neil Quinn. Out of over a thousand chances he held the lucky number which drew the large Elk head at the street carnival, for which he is justly thankful and is full of smiles. His new possession will occupy a conspicuous place in his saloon.

Yesterday morning occurred the death of Mrs. W. B. Campbell, of the Eleventh street. The deceased was a daughter of George P. Folmar, out Big Wheeling creek, and is survived by her husband. The funeral will occur from the family residence this afternoon at 3 o'clock, with interment at Stone church cemetery, Elm Grove.

The Wheeling District Christian Endeavor convention at Cameron closed Thursday evening last. It was a great success. There were many fine addresses. One of the best was by the new president, Rev. J. B. Smith, of Moundsville. Miss Pearl Harris, of Wheeling, also had a fine paper, which she was requested to read before the Grafton convention.

Afternoon and evening concerts were given yesterday at Wheeling Park. In the afternoon the largest Sunday crowd of the season at the Park was in evidence. The programme included the concert by the Opera House Military band and the singing by the Tyrolean singers who were one of the German Village attraction at the Elks' fair last week. Another very large crowd heard the evening concert.

The Fourth of July programme at Wheeling Park is one of unusual attractiveness and includes bicycle races on the new eighth-mile track, dancing, bowling, a concert by the Opera House Military band and other attractions. Secretary Hirsch and General Manager Rolf are preparing to take care of a record breaking crowd to-morrow. The Wheeling & Elm Grove railroad will have a frequent service for the benefit of Park-bound amusement seekers.

Yesterday's temperature was decidedly torrid, the top-notch temperature as recorded at Schnepf's being 92 degrees above zero. A year ago yesterday the warmest weather of the year 1898 was experienced here, when the thermometer recorded 104 degrees

above zero in the shade. In addition to the warm weather at home, Sampson's feet was on the eve of giving Cervara more than he could attend to conveniently at the mouth of Santiago harbor.

Yesterday, at the North Street M. E. church parsonage, occurred the wedding of Mr. Alfred Cartwright, an engineer on the Ohio River railroad, and Miss Jennie Cottrell, of this city. The ceremony was performed by Rev. C. R. Graham.

CELEBRATE THE FOURTH.

Knights of Pythias Will Picnic and Make Merry at Mozart Park.

Coeur de Leon Company No. 1, Uniform Rank Knights of Pythias, will celebrate the Glorious Fourth of July by giving a picnic at Mozart Park to-morrow, and if the immense sale of tickets indicates a large attendance, there will be one of the largest crowds at the hill top resort to-morrow afternoon and evening, ever seen there.

The company has spared no time or expense in arranging for the celebration and a feature of it will be the magnificent display of fire works in the evening. During the afternoon and evening, Melster's band and orchestra will furnish the concert and dancing music, and there will be prize bowling contests. Arrangements have been made with the street railway for special cars, and they will run long after midnight, and until everybody has left the park. The members of all uniform companies will attend, dressed in full fatigue uniform, and the members of the subordinate lodges will be out in force with their families.

Time Not Yet Ripe.

CHICAGO, July 2.—There will be no general strike of packing house employees at present. The opinion prevailed at to-day's mass meeting of the employees that the time was not yet ripe and that the interests of the men would be best conserved by waiting until an organization could be perfected. The first move in that direction was made at the meeting. An organization known as the Packing House Employees' Union was formed and over 500 became members. By September the union is expected to have a membership of 15,000 and if by that time the demands of the men for better working hours and increased wages are not complied with it will cause a general tie-up of the packing houses which would be ordered.

Blast Furnace Men Strike.

SHARON, Pa., July 2.—The strike among the blast furnace employees at Sharpsburg is far from being settled. No action toward a settlement will be taken until after July 4, when a conference of the operators and strikers will be held. The furnace operators say they will not grant the advance of twenty cents as demanded, and will keep their plants idle until the men are willing to return to work at the old scale. The strikers state that they will not go back to their places until they receive the advance. No Italians have yet been imported.

A Homely and Safe Rule.

If those who try all sorts of medicines in an effort to recover lost health, would take a little homely advice and quit drugging and adopt a plain diet of food and drink, made by those who are skilled in what such systems need the return to health would be natural and reasonably sure. Breakfast and supper on Grape-Nuts and Postum. Food Coffee with a little fruit, will work wonders.

"CELEBRATE Fourth of July at Wheeling Park." Afternoon and evening—Hand concert and dancing in Casino. Afternoon—Three bicycle races. Evening—\$400 display of fireworks.

BASE BALL Goods, Croquet Sets, Tennis Balls, Hammocks, July Magazines and Paper Novels, will all help to make a pleasant "Fourth."

MUTINY AT SEA.

Twenty-four Men on the Cruiser Panther Placed in Irons.

PHILADELPHIA, July 2.—A local paper will to-morrow publish a story to the effect that a mutiny developed on the cruiser Panther, now at League Island navy yard while on her way from San Juan, Porto Rico, to this port, and that it was necessary to place twenty-four men in irons.

According to the story while the Panther was at San Juan in command of Captain George C. Reeder, the greater portion of her crew rebelled against the food and asked to be transferred elsewhere. Several desertions occurred and the departure of the cruiser, it is said, was hastened for fear that she would be so seriously crippled from this cause that she, when her time came, would be unable to leave.

On the voyage home it became necessary to place a number of the crew in confinement although there was no open or violent breach of discipline manifested.

It is stated that the insubordination has been reported to the navy department at Washington, but no information regarding the affair could be gleaned to-day from the navy yard officials nor from the officers of the Panther.
